IRON BAR PIERCES BOY.

Fatal Injuries Received by a Peculiar Accident.

Oklahoma City, Sept. 18.—Pierced through the abdomen by a heavy iron rod when a team hitched to a hayrake ran away, Sherman Watson, 20, was fatally injured at 6 o'clock yesterday afternoon at the Country club. Watson was removed to St. Anthony's hospital. Dr. Lea Riely performed an operation and at a late hour it was reported that the boy had but a slight chance of recovery.

Young Watson had been raking a field of hay when the rake tongue broke. He started to drive to the barn of Louis Granger, caretaker, for whom he was working, when the horses became frightened. The boy was dragged from his seat and thrown with great force against an iron prong half an inch in diameter. The bar tore entirely through his body, severing several arteries and tearing out a portion of the tenth rib at its exit. Screaming in agony, Watson pulled the bar from his body and started to run to the house. He had gone but a few feet

### Furman and Carter Tendered Reception and Heard by Over-flowed House.

Since E. H. Lucas led the movement to establish in Ada a 25000 club worthy of the name, probably there has not occurred under the auspices of such club a more auspicious occasion than on Friday when the people of Ada in the club rooms extended public reception to the Hon. Chas. D. Carter, this district's member of congress, and our distinguished fellow townsman, Judge Henry M. Furman, who has lately assumed the responsibility of the position of Chief Justice of the Criminal Court of Appeals of Oklahoma.

Several hundred ladies and gentlemen of Ada were in attendance at the club rooms during the reception tendered Ada's most distinguished citizen, Judge Furman, and next of kin, Charlie Carter of Ardmore. The musical selections and productions during the reception were superb.

Especially was the solo rendered by Miss Gertie Thompson appreciated.

Col. E. H. Lucas, president of club, and Col. Geo. Thompson, county democratic chairman, whom the wiley and modest Lucas had placed in the lead as master of ceremonies fortified the occasion in every manner until there could be no opportunity of awkward or untimely occurrence.

The addresses made by Judges Furman and Carter were each particularly appropriate.

Judge Furman speaking from the heart, in most forceful exposition of his feelings, stated in manner that affected deeply the feelings of all his fellow townsmen, that next to the love of his family, he valued the regard of his home people. The ennoblement of Furman's thoughts—and all are pure and sincere—meet their affinity in the character of repose from the hearts of nearly every one of his fellowtownspeople. Judge Furman does not repose an affection-unresponsive in the people of the city of Ada. "A prophet is not without honor save in his own country and among his own people," as is ordinarily applied in this day does not apply in the instance of Ada's most favored political citizen.

Charlie Carter's felicitous expressions in response to his reception were received with marked approval. He said that he had recommended to an up county friend, confidentially, with whom he was advising in regard to change in location, that he considered Ada the best town in the state.

Honorable Tom D. McKeown, and Hon. C. H. Ennis in behalf of the occasion and the club addressed most felicitous and appropriate remarks. Their addresses were accorded decided evidences of appreciation by all present.

Miss McGee, teacher of dramatic art, lately from some fair place in Texas up here, had been invited by President Lucas to say something at the reception in behalf of the ladies. Notwithstanding limited notice and new residence, the appropriateness and ornateness of Miss McGee's oral and apparently impromptu remarks impressed very favorably the throng of Ada people present. The following is in substance and in some part the words of reception to the guests uttered by this talented young woman, in behalf of the Ada ladies: "Honorable Congressman Charlie D. Carter, Honorable Judge Henry M. Furman, Mr. Chairman, ladies and gentlemen: We have the pleasure of having with us this afternoon Congressman Carter of Ardmore and Judge Furman of our city. Honorable Charlie D. Carter has been the leading figure in Washington in the movement for the removal of the restrictions from the lands of the five civilized tribes of which the citizens of Pontotoc county feel justly proud. While the citizens of Pontotoc feel

we the wives and daughters, take this occasion to express our appreciation of the efforts he has made, and in behalf of the citizenship of Ada we promise to uphold him as long as he proves faithful to the trust imposed on him by democracy.

"And to you, Chief Justice Furman, we join the citizens of Ada in rejoicing that you, through your noble work for democracy, have placed yourself in the front rank and in the heat of battle where our Gov. C. N. Haskell has seen fit to confer upon you the highest honor in his gift to the people of Oklahoma, that of Chief Justice of the Court of Criminal Appeals. We stand ready to ever defend you in your noble efforts in the discharge of your duties.

"Now, to you, our honored guests, we promise our fidelity and our never ending efforts to support you in the discharge of your duties."

#### Carter's Speech.

Long before the hour announced for Mr. Carter's address, people began filling the court room, and by the time the speaker arrived every available seat was taken. The congressman was presented in very fitting words by the Hon. J. W. Bolen, who was chosen chairman on account of the illness of W. H. Ebey, president of the Bryan-Kern club. The speaker was greeted with a rousing ovation, and for an hour and a half the people of Ada were thoroughly entertained and instructed by their representative in congress.

Mr. Carter began by giving his views on some of the more important local issues, among them the disposition of the segregated mineral lands of Oklahoma, the unallotted Indian lands and the payment of the remaining funds now held in trust by the federal government for the Indian tribes, and the matter of taxing Indian lands. Mr. Carter reiterated his convictions on the dispositions.

## For the City Beautiful.

The mayor of Birmingham, Ala., the Hon. George B. Ward, has hit upon a happy idea for actively enlisted his constituents in the beautification of the city. He is promoting this end by getting each block to form a little organization whose sole business it will be to look after its own improvement. The following advice, under the head, "Do it Now," is addressed to each society:

1. Pull down your fence. The city will haul it away and keep off the cows. If you can't be induced to part with it, fix it up and paint it.
2. Whitewash everything you can't paint.
3. Plant lawns, flowers and trees. Wherever the ground shows bare, plant something green in it.
4. Exercise the same supervision over your sidewalks as over your front lawn. Sidewalks are an index of the kind of people inside.
5. Trim up trees which are too low and which overhang sidewalks.
6. If there are any dead ones

around, pull them up and start new ones.

7. Report anyone who mutilates or ties a horse to a tree. You will get half the fine on conviction.

8. Plant a strip of green in bare places along sidewalk. The city will furnish street-sweepings if haul is not too long.

9. Cut weeds while young and tender. It will save you money and please everybody.

10. Report any unsightly objects in your neighborhood. If possible it will be remedied.

11. When street or sidewalk is torn up and is not properly repaired "call up" the mayor's office and give the name of the party responsible.

12. Don't let your dog bark all night. Think of your neighbor.

13. Call attention of all you meet to the idea of a "City Beautiful."

14. Encourage your children to help the good work along by training them to pick up papers, sticks and other rubbish wherever found.

15. A few dimes and a lot of enthusiasm and determination will transform and unsightly back yard into a little spot of beauty.

## ANOTHER "UNLOADED GUN."

Does Its Usual Deadly Work—  
Brother the Victim.

Tulsa, Ok., Sept. 18.—Near Sapulpa George Sizemore, aged 19, pointed a 32-caliber pistol at his young brother Newton Sizemore, and thinking the weapon unloaded cried in jest, "Look out, I am going to shoot you." He pulled the trigger and a report followed. Newton Sizemore was shot in the mouth and fatally wounded.

## FOR SCHOOL LAND INQUIRY.

Oklahoma's Attorney General to Ask An Accounting of Funds.

Guthrie, Ok., Sept. 18.—It is nearly certain that Charles West, state attorney general, will bring suit against the state school land commission for an accounting of the funds disbursed by it in the maintenance of that department. The state constitution provided that "no money shall ever be paid out of the treasury of the state, nor any of its funds, nor any of the funds under its management, except in pursuance of an appropriation by law and every such law shall distinctly specify the sum appropriated and the object to which it is to be applied."

Mr. West was insistent in the last legislature a law be enacted regulating the disbursements of school land funds, but the legislature adjourned without making such law. The expenses of the school land department are paid by department officials and not through the office of the state auditor, under methods that prevailed in territorial days, when the school land affairs were subject to the supervision of the secretary of the interior. In the present campaign charges of extravagance have been brought against the school land commission and at times it has been hard to get information concerning its official transactions.

## FORAKER CORNERED

Cincinnati, Ohio, Sept. 18.—Senator Joseph B. Foraker at the time he was an attorney for the Standard Oil company, according to his own statement, was a power in Ohio.

It was about the time that fifty-year franchise for the Cincinnati street car lines has gotten through the legislature. The law was called the Rogers act and was passed by the Ohio legislature making it possible for the city of Cincinnati to grant the traction company a fifty-year franchise. Foraker was the attorney for the company and his work is believed to have been responsible for its passage.

It was then that the party machine in Hamilton county was at its strongest and Foraker was undoubtedly a great power in the councils of the leaders in Hamilton county.

As far as Foraker's work in the courts and for the Ohio legislature for the Standard Oil is concerned, the records do not show that Foraker was an attorney for the company in Ohio, though Foraker admitted today that the money that was paid to him by John Archbold was given to him as an attorney for the company.

Foraker would not discuss the Hearst statement further than what he gave out earlier in the day.

Either Senator Foraker was worthy of his hire by the Standard Oil Company or something operated to drop victory to the trust in so far as the two Price bills, referred to in correspondence between Archbold and Foraker, received by Mr. Hearst, are concerned. Both bills were killed by the Ohio legislature.

Mr. Price, author of the measure distasteful to the Standard Oil company, is Aaron E. Price of Athens, Ohio, who defeated Foraker in the Foraker-Hanna fight.

Foraker admits that while United States senator he was retained by the trust. He says he was proud of the employment. He declares he did not influence legislation in the senate for the trust, but did "work" in Ohio courts and in the Ohio legislature. He declares he ceased taking "retainers" from the trust before his first term as senator expired.

The statement of Foraker was a bombshell in the Taft ranks, for Taft managers have been trying to conciliate Foraker and get him to take the stump for Taft.

Taft, it is said, will now mercifully repudiate Foraker and Cox. Foraker's Cincinnati adherent, Taft may even refuse to allow Foraker to appear in the campaign as a Taft speaker. In formation from headquarters this evening is that Foraker's New York speaking dates have already been canceled.

Senator Charles Dick was Senator Foraker's guest at luncheon today and immediately following the conference Dick called on Taft. Upon leaving Judge Taft, Dick said he intended to call upon Arthur I. Vorys, but instead went back to Foraker's office.

It was positively stated by a prominent republican that Foraker, who was to have taken a prominent part in the meeting of the League of republican clubs, will, if he speaks at all, follow Judge Taft, whom he was to have introduced to the delegates.

Ohio officers of the league changed their program today so that Taft will speak first, and it is further said that the program may be so arranged that Foraker will not have an address.

### Ada 7, Washington 2.

The home team again defeated the visiting team, as is usually the case, yesterday afternoon. Washington scored two men in the first half of the first inning and from that time on it was a complete shut-out. Occasionally they would get men on bases but they were not slick enough to slide around and their running was too slow for the swift work of the home team for every time they would try to steal, they would be thrown out on the bases. The outfielders especially of the visiting team got plenty of exercise chasing for the stick work of the Ada boys gave them plenty to do.

Summary: Batteries for Ada, Atkins and Kiser; Washington, Wise and Beasley. Struck out by Atkins 9, Wise 5, two base hit Shirley, base on balls off Atkins 2, Wise 3, hit by pitcher J. Ellis, Atkins. Wright out attempting to bunt third strike. Time 1:30. Umpire Tateum.

### TAFT AND BRYAN TO MEET.

#### WILL BOTH SPEAK AT CHICAGO AND POSSIBLY GALESBURG.

Chicago, Sept. 18.—W. H. Taft and W. J. Bryan will meet at the Chicago Association of Commerce banquet in this city October 7 after all according to an announcement made today by Chairman Dixon of the republican speaker's bureau. It is possible that the two presidential candidates will meet even earlier in the day, as Mr. Taft has accepted an invitation to speak at Galesburg, Ill., October 7 in the afternoon, and a committee of Galesburg citizens has been appointed to invite Mr. Bryan to be present. In order that Mr. Taft may be present both at Galesburg and the Chicago banquet Chairman Dixon said that it would be necessary for Mr. Taft to come from Galesburg to this city by special train.

### ODDS CHANGING FOR BRYAN.

New York, Sept. 18.—There has been little betting in Wall street thus far on the presidential election despite several stories printed to the contrary. A few bets of \$25 and \$50 each at odds of 2 to 1 on Taft have been chronicled in the last two days on the Stock Exchange and on the curb market. This is a drop in odds from 6 to 1 quoted several weeks ago.

One bet of \$30 even was made on Bryan yesterday. A story to the effect that \$1,000 was offered on Bryan against \$700 on Taft was found to be without foundation. Nevertheless, indications point to prevailing even money on the candidates this coming week.

H. Cotteral of the United States court here. Cotteral held the law good. The principal attorney for the negroes is W. H. Hart of Washington, D. C.

### HASKELL FILES ANSWER.

Muskogee, Sept. 18.—Judge Jackson this morning permitted the attorney for Governor C. N. Haskell to file an answer in the case of Meachem & Meachem, who brought suit against the governor and General Ira L. Reeves to recover \$500 alleged to be due them for attorney's fees while lobbying for the passage of a franchise ordinance in the Fort Smith, Ark., city council for the United City Traction company, which was financed by the defendants. General Reeves confessed judgment for his share of the \$500 but the governor will contest the claim.

## WHO IS FOOT? MAKES A STIRRING SPEECH

(Continued from page 1.)

Muskogee, Sept. 18.—Who is R. R. Foot, alias "J. M. Hackney," alias "J. T. Eldredge?" Where was he born and what is his past record from both a criminal standpoint and otherwise? What is his real name? Where was he reared?

These are the questions a representative of the United States government now in Muskogee is trying to find out and the United States marshal's office in Muskogee has been asked to make a careful search. The request is accompanied by a photograph of Foot, giving his age as 57 and weight 200 pounds.

Foot, or Hackney is now in the United States penitentiary at Atlanta, Ga., serving a long term for impersonating a government officer. The government has learned that he is not known in any of the large cities of the country, but that he operated in the southern states, including Oklahoma.

Government officials here remember Foot as Hackney, who operated in the neighborhood of Sulphur and Ada, Oklahoma, several years ago.

His schemes were first revealed when a letter from a fullblood Indian was received by officials at the Dawes commission, asking whether or not Hackney was the authorized agent of the government. The letter said Hackney was visiting the Mississippi Choctaw Indians, who were at that time trying to secure recognition.

With the promise that he would see that their names got on the Indian rolls, and under the guise of an official sent out by the commissioner to the five tribes,

Hackney is alleged to have collected sums of money from the Indians, ranging from \$10 to \$25 each. As soon as the Indians wrote to the officials in Muskogee and the story of Hackney's work became public he quietly left the country. A confederate, so the letter stated, was working with him. Since then Hackney, or Foot, was captured, convicted, and sent to the penitentiary.

He declines to talk but little. It is presumed the government suspects

him of being implicated in other swindles and in order to get the connection, is making an effort to secure the record of his life.

### BANK STORY.

When Ada was new, even before the railroad came, but it was in prospect, the town was subject to many experiences the character of which would appear as unusual and worth remembering as a good story at this time when there is no more cosmopolitanism in any small city in the west than in Ada. It is related that soon after the first bank in Ada started that it was unusual attraction to hundreds of young rustics and numbers of the elders who had lived always beyond the ordinary details of commerce and bank transactions. Just previous to this time there was no bank or railroad within about 40 miles of Ada. As we started to say, it was related that about this time a young man walked into the leading bank of Ada, approached the cashier's window and with a smirk and a rub across his proboscis, inquired if there was any mail today in this postoffice for John Smith?

It cannot properly be related that any such analogous occurrence transpired today when an old lady timidly approached the window at the Farmers State bank and inquired if it was this particular bank that if even it should bust would still pay her money to her if she should put it in there. On being assured that such was the case, she went down low and secured a substantial amount which she placed on deposit.

It was suggested by the Farmers State bank officials that they feel glad that this lady will sleep soundly because she knows that the state is guaranteeing her the safety of her money.

Mr. Carter then entered into a review of the republican's record on tariff revision, saying that John Dalzell who admits his election is due to manufacturing industries of Pittsburgh, is the man who writes for the tariff measures which are accepted and passed by the republican congress.

The speaker closed his address by paying a magnificent tribute to the leader of the democratic party and predicted his success in November.

Mr. Carter left this morning via Frisco for his home in Ardmore.

### HASKELL TO THE CABINET?

#### REPORT IN CHICAGO THAT OKLAHOMAN WOULD BE BRYAN'S TREASURER.

Chicago, Sept. 18.—If W. J. Bryan is elected he will name Governor Charles N. Haskell of Oklahoma as secretary of the treasury, according to report around national headquarters. The fact said to be back of the report was that Governor Haskell was the "father of the bank guarantee law" and that the Oklahoma experiment is the leading plank in the Bryan, if not the democratic platform.

There was no one at headquarters high up enough in the political scale to be able to deny or affirm anything in regard to the report.

IRON BAR PILURES BOY.

Fatal Injuries Received by a Peewee  
Accident.

Oklahoma City Sept 18—Pierced through the abdomen by a heavy iron rod when a team hitched to a hayrake ran away, Sherman Watson, 20, was fatally injured at 6 o'clock yesterday afternoon at the Country club. Watson was removed to St. Anthony's hospital. Dr. Lee Rieley performed an operation and at a late hour it was reported that the

boy had but a slight chance of recovery.

Young Watson had been taking a field of hay when the lake tongue broke. He started to drive to the barn of Louis Grange, caretaker for whom he was working, when the horses became frightened. The boy was dragged from his seat and thrown with great force against an iron prong half an inch in diameter. The bar tore entirely through his body severing several arteries and tearing out a portion of the tenth rib at its exit. Screaming in agony Watson pulled the bar from his body and started to run to the house. He had gone but a few feet when he fell.

## MAKES STIRRING SPEECH

Furman and Carter Tendered Reception and Heard by Over-flowed House.

Since E. H. Lucas led the movement to establish in Ada a 25,000 club worthy of the name probably there has not occurred under the auspices of such club a more auspicious occasion than on Friday when the people of Ada in the club rooms extended public reception to the Hon. Chas. D. Carter this district's member of congress and our distinguished fellow townsmen Judge Henry M. Furman, who has lately assumed the responsibility of the position of Chief Justice of the Criminal Court of Appeals of Oklahoma.

Several hundred ladies and gentlemen of Ada were in attendance at the club rooms during the reception tendered Ada's most distinguished citizen, Judge Furman and next of kin Charlie Carter of Ardmore. The musical selections and productions during the reception were superb.

Especially was the solo rendered by Miss Gertie Thompson appreciated.

Col. E. H. Lucas, president of club and Col. Geo. Thompson, county democratic chairman, whom the wiley and modest Lucas had placed in the lead as master of ceremonies fortified the occasion in every manner until there could be no opportunity of awkward or untimely occurrence.

The addresses made by Judges Furman and Carter were each particularly appropriate.

Judge Furman speaking from the heart in most forcible exposition of his feelings stated in manner that affected deeply the feelings of all his fellow townsmen that next to the love of his family, he valued the regard of his home people. The ennoblement of Furman's thoughts—and all are pure and sincere—meet their affinity in the character of repose from the hearts of nearly every one of his fellowtownspeople. Judge Furman does not repose an affection unresponsive in the people of the city of Ada. "A prophet is not without honor save in his own country and among his own people," as is ordinarily applied in this day does not apply in the instance of Ada's most favored political citizen.

Charlie Carter's felicitous expressions in response to his reception were received with marked approval. He said that he had recommended to an up county friend confidentially, with whom he was advising in regard to change in location that he considered Ada the best town in the state.

Honorable Tom D. McKeown, and Hon. C. H. Ennis in behalf of the occasion and the club addressed most felicitous and appropriate remarks. Their addresses were accorded decided evidences of appreciation by all present.

Miss McGee, teacher of dramatic art lately from some fair place in Texas up here, had been invited by President Lucas to say something at the reception in behalf of the ladies. Notwithstanding limited notice and new residence, the appropriateness and ornateness of Miss McGee's oral and apparently impromptu remarks impressed very favorably the throng of Ada people present. The following is in substance and in some part the words of reception to the guests uttered by this talented young woman, in behalf of the Ada ladies.

"Honorable Congressman Charlie D. Carter, Honorable Judge Henry M. Furman, Mr. Chairman, ladies and gentlemen. We have the pleasure of having with us this afternoon Congressman Carter of Ardmore and Judge Furman of our city. Honorable Charlie D. Carter has been the leading figure in Washington in the movement for the removal of the restrictions from the lands of the five civilized tribes of which the citizens of Pontotoc county feel justly proud. While the citizens of Pontotoc feel

we the wives and daughters, take this occasion to express our appreciation of the efforts he has made, and in behalf of the citizenship of Ada we promise to uphold him as long as he proves faithful to the trust imposed on him by democracy.

And to you Chief Justice Furman we join the citizens of Ada in rejoicing that you through your noble work for democracy have placed yourself in the front rank and in the heat of battle where our Gov. C. N. Haskell has seen fit to confer upon you the highest honor in his gift to the people of Oklahoma that of Chief Justice of the Court of Criminal Appeals. We stand ready to ever defend you in your noble efforts in the discharge of your duties."

Now, to you, our honored guests we promise our fidelity and our never ending efforts to support you in the discharge of your duties."

### Carter's Speech.

Long before the hour announced for Mr. Carter's address, people began filling the court room, and by the time the speaker arrived every available seat was taken. The congressman was presented in very fitting words by the Hon. J. W. Bolen, who was chosen chairman on account of the illness of W. H. Ebey, president of the Bryan-Kern club. The speaker was greeted with a rousing ovation, and for an hour and a half the people of Ada were thoroughly entertained and instructed by their representative in congress.

Mr. Carter began by giving his views on some of the more important local issues, among them the disposition of the segregated mineral lands of Oklahoma, the unallotted Indian lands and the payment of the remaining funds now held in trust by the federal government for the Indian tribes, and the matter of taxing Indian lands. Mr. Carter reiterated his convictions on the dispo-

The mayor of Birmingham, Ala., has hit upon a happy idea for actually enlisting his constituents in the beautification of the city. He is promising this end by getting each block to form a little organization, whose sole business it will be to look after its own improvement. The following advice under the head "Do it Now" is addressed to each society:

1. Pull down your fence. The city will haul it away and keep off the cows. If you can't be induced to part with it fix it up and paint it.

2. Whitewash everything you can't paint.

3. Plant lawns, flowers and trees. Wherever the ground shows bare plant something green in it.

## FOR SCHOOL LAND INQUIRY.

Oklahoma's Attorney General to Ask An Accounting of Funds.

Guthrie, Okla., Sept. 18.—It is nearly certain that Charles West, state attorney general, will bring suit against the state school land commission for an accounting of the funds disbursed by it in the maintenance of that department. The state constitution provided that "no money shall ever be paid out of the treasury of the state nor any of its funds nor any of the funds under its management, except in pursuance of an appropriation by law and every such law shall distinctly specify the sum appropriated and the object to which it is to be applied."

Mr. West was insistent in the last legislature a law be enacted regulating the disbursements of school land funds but the legislature adjourned without making such a law. The expenses of the school land department are paid by department officials and not through the office of the state auditor under methods that prevailed in territorial days when the school land affairs were subject to the supervision of the secretary of the interior. In the present campaign charges of extravagance have been brought against the school land commission and at times it has been hard to get information concerning its official transactions.

## NO HARD STRUGGLE.

Any Ada citizen finds the struggle hard.

With a back constantly aching, with distressing urinary disorders, daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Ada people endorse this claim. Mrs. Chas. Barrier, living on West 7th and Cherry Sts., Ada, Okla., says: "For a long time my husband was troubled with severe pains through the small of his back. Occasionally he had such sharp twinges that he could hardly refrain from crying out. Bending and straightening would always intensify his suffering. The kidney secretions were also irregular in action. These symptoms led him to believe that his kidneys were disordered and learning of Doan's Kidney Pills, he procured a box at G. M. Ramsey's drug store. He took them according to directions and the trouble entirely disappeared. He has had no return of kidney complaint since and consequently thinks very highly of Doan's Kidney Pills."

## How to Get Strong.

P. J. Daly, of 1247 W. Congress St., Chicago tells of a way to become strong. He says: "My mother who is old and was very feeble, is deriving so much benefit from Electric Bitters that I feel it my duty to tell those who need a tonic and strengthening medicine about it. In my mother's case a marked gain in flesh resulted. Insomnia has been overcome and she is steadily growing stronger." Electric Bitters quickly remedy stomach, liver and kidney complaints.

**Deafness Cannot Be Cured** by local applications, as they can't reach the disease portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, can be taken out and this tube restored to its normal condition, hearing will be destroyed forever, nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## FORAKER CORNERED

Cincinnati, Ohio, Sept. 18.—Senator Joseph B. Foraker at the time he was an attorney for the Standard Oil company, according to his own statement, was a power in Ohio.

It was about the time that fifty-year franchise for the Cincinnati street car lines has gotten through the legislature. The law was called the Rogers act and was passed by the Ohio legislature making it possible for the city of Cincinnati to grant the traction company a fifty-year franchise. Foraker was the attorney for the company and his work is believed to have been responsible for its passage.

It was then that the party machine in Hamilton county was at its strongest and Foraker was undoubtedly a great power in the councils of the leaders in Hamilton county.

As far as Foraker's work in the courts and for the Ohio legislature for the Standard Oil is concerned, the records do not show that Foraker was an attorney for the company. In Ohio, though Foraker admitted today that the money that was paid to him by John Archbold was given to him as an attorney for the company.

Foraker would not discuss the Hearst statement further than what he gave out earlier in the day.

Either Senator Foraker was worthy of his hire by the Standard Oil Company or something operated to drop victory to the trust in so far as the two Price bills, referred to in correspondence between Archbold and Foraker, received by Mr. Hearst, are concerned. Both bills were killed by the Ohio legislature.

Mr. Price, author of the measure distasteful to the Standard Oil company, is Aaron E. Price of Athens, Ohio, who defeated Foraker in the Foraker-Hanna fight.

Foraker admits that while United States senator he was retained by the trust. He says he was proud of the employment. He declares he did not influence legislation in the senate for the trust, but did "work" in Ohio courts and in the Ohio legislature. He declares he ceased taking "retainers" from the trust before his first term as senator expired.

The statement of Foraker was a bombshell in the Taft ranks, for Taft managers have been trying to conciliate Foraker and get him to take the stump for Taft.

Taft, it is said, will now mercifully repudiate Foraker and Cox, Foraker's Cincinnati adherent. Taft may even refuse to allow Foraker to appear in the campaign as a Taft speaker. In formation from headquarters this evening is that Foraker's New York speaking dates have already been canceled.

Senator Charles Dick was Senator Foraker's guest at luncheon today and immediately following the conference Dick called on Taft. Upon leaving Judge Taft, Dick said he intended to call upon Arthur I. Vorys, but instead went back to Foraker's office.

It was positively stated by a prominent republican that Foraker, who was to have taken a prominent part in the meeting of the League of republican clubs, will, if he speaks at all, follow Judge Taft, whom he was to have introduced to the delegates.

Only officers of the league changed their program today so that Taft will speak first, and it is further said that the program may be so arranged that Foraker will not have an address.

**ADA 7, WASHINGTON 2.**

The home team again defeated the visiting team, as is usually the case, yesterday afternoon. Washington scored two men in the first half of the first inning and from that time on it was a complete shut-out. Occasionally they would get men on bases but they were not slick enough to slide around and their running was too slow for the swift work of the home team for every time they would try to steal, they would be thrown out on the bases. The outfielders especially of the visiting team got plenty of exercise chasing for the stick work of the Ada boys gave them plenty to do.

**Summary:** Batteries for Ada, Atkins and Kiser; Washington, Wise and Beasley. Struck out by Atkins 9, Wise 5, two base hit Shirley, base on balls off Atkins 2, Wise 3, hit by pitcher J. Ellis, Atkins. Wright out attempting to bunt third strike. Time 1:30. Umpire Tateum.

#### TAFT AND BRYAN TO MEET.

#### W.H. Both Speak at Chicago and Possibly Galesburg.

Chicago, Sept. 18.—W. H. Taft and W. J. Bryan will meet at the Chicago Association of Commerce banquet in this city October 7 after all according to an announcement made today by Chairman Dixon of the republican speaker's bureau. It is possible that the two presidential candidates will meet even earlier in the day, as Mr. Taft has accepted an invitation to speak at Galesburg, Ill., October 7 in the afternoon, and a committee of Galesburg citizens has been appointed to invite Mr. Bryan to be present. In order that Mr. Taft may be present both at Galesburg and the Chicago banquet Chairman Dixon said that it would be necessary for Mr. Taft to come from Galesburg to this city by special train.

#### Odds Changing for Bryan.

New York, Sept. 18.—There has been little betting in Wall street thus far on the presidential election despite several stories printed to the contrary. A few bets of \$25 and \$50 each at odds of 2 to 1 on Taft have been chronicled in the last two days on the Stock Exchange and on the curb market. This is a drop in odds from 6 to 1 quoted several weeks ago.

One bet of \$30 even was made on Bryan yesterday. A story to the effect that \$1,000 was offered on Bryan against \$700 on Taft was found to be without foundation. Nevertheless, indications point to prevailing even money on the candidates this coming week.

#### Haskell Fails Answer.

Muskogee, Sept. 18.—Judge Jackson this morning permitted the attorney for Governor C. N. Haskell to file an answer in the case of Meachem & Meachem, who brought suit against the governor and General Ira L. Reeves to recover \$500 alleged to be due them for attorney's fees while lobbying for the passage of a franchise ordinance in the Fort Smith, Ark., city council for the United City Traction company, which was financed by the defendants. General Reeves confessed judgment for his share of the \$500 but the governor will contest the claim.

sition of the mineral lands by saying that he favored the sale of the surface cut up in small tracts to the actual settler and the sale of the mineral to the state. He declared for the disposition of the residue lands in a similar manner as the surface of the mineral lands. Concerning the taxation of Indian land, he declared unequivocally for the bill providing for the taxation of all unclaimed land urging that he believed that any person who was qualified to sell their land should bear his just portion of taxation and that the principle of paying your way should be encouraged among every class.

These are the questions a representative of the United States government now in Muskogee is trying to find out and the United States marshal's office in Muskogee has been asked to make a careful search. The request is accompanied by a photograph of Foot, giving his age as 57 and weight 200 pounds.

Foot, or Hackney is now in the United States penitentiary at Atlanta, Ga., serving a long term for impersonating a government officer.

The government has learned that he is not known in any of the large cities of the country, but that he operated in the southern states, including Oklahoma.

Government officials here remember Foot as Hackney, who operated in the neighborhood of Sulphur and Ada, Oklahoma, several years ago. His schemes were first revealed when a letter from a fullblood Indian was received by officials at the Dawes commission, asking whether or not Hackney was the authorized agent of the government. The letter said Hackney was visiting the Mississippi Choctaw Indians, who were at that time trying to secure recognition. With the promise that he would see that their names got on the Indian rolls, and under the guise of an official sent out by the commissioner to the five tribes, Hackney is alleged to have collected sums of money from the Indians, ranging from \$10 to \$25 each. As soon as the Indians wrote to the officials in Muskogee and the story of Hackney's work became public he quietly left the country. A confederate, so the letter stated, was working with him. Since then Hackney, or Foot, was captured, convicted, and sent to the penitentiary. He declines to talk but little. It is presumed the government suspects him of being implicated in other swindles and in order to get the connection, is making an effort to secure the record of his life.

#### HANKE STOCKER.

When Ada was new, even before the railroad came, but it was in prospect, the town was subject to many experiences the character of which would appear as unusual and worth remembering as a good story at this time when there is no more cosmopolitanism in any small city in the west than in Ada. It is related that soon after the first bank in Ada started that it was unusual attraction to hundreds of young rustics and numbers of the elders who had lived always beyond the ordinary details of commerce and bank transactions. Just previous to this time there was no bank or railroad within about 40 miles of Ada. As we started to say, it was related that about this time a young man approached the leading bank of Ada, approached the cashier's window and with a smirk and a rub across his brows, inquired if there was any mail today in this postoffice for John Smith?

It cannot properly be related that any such analogous occurrence transpired today when an old lady timidly approached the window at the Farmers State bank and inquired if it was this particular bank that if even it should bust would still pay her money to her if she should put it in there. On being assured that such was the case, she went down low and secured a substantial amount which she placed on deposit.

It was suggested by the Farmers State bank officials that they feel glad that this lady will sleep soundly because she knows that the state is guaranteeing her the safety of her money.

## IRON BAR PIERCES BOY.

Fatal Injuries Received by a Peculiar Accident.

Oklahoma City Sept 18—Pierced through the abdomen by a heavy iron rod when a team hitched to a hayrake ran away, Sherman Watson, 20, was fatally injured at 6 o'clock yesterday afternoon at the Country Club. Watson was removed to St. Anthony's hospital. Dr. Lee Rieley performed an operation and at a late hour it was reported that the boy had but a slight chance of recovery.

Young Watson had been taking a load of hay when the lake tongue broke. He started to drive to the barn of Louis Granger, caretaker for whom he was working, when the horses became frightened. The boy was dragged from his seat and thrown with great force against an iron prong half an inch in diameter. The bar tore entirely through his body severing several arteries and tearing out a portion of the tenth rib at its exit. Screaming in agony, Watson pulled the bar from his body and started to run to the house. He had gone but a few feet when he fell.

## MAKES STIRRING SPEECH

### Furman and Carter Tendered Reception and Heard by Over-flowed House.

Since E. H. Lucas led the movement we the wives and daughters, take this occasion to express our appreciation of the efforts he has made, and in behalf of the citizenship of Ada we promise to uphold him as long as he proves faithful to the trust imposed on him by democracy.

And to you Chief Justice Furman we join the citizens of Ada in rejoicing that you through your noble work for democracy have placed yourself in the front rank and in the heat of battle where our Gov. C. N. Haskell has seen fit to confer upon you the highest honor in his gift to the people of Oklahoma that of Chief Justice of the Criminal Court of Appeals of Oklahoma.

Several hundred ladies and gentlemen of Ada were in attendance at the club rooms during the reception tendered Ada's most distinguished citizen, Judge Furman and next of kin Charlie Carter of Ardmore.

The musical selections and productions during the reception were superb.

Especially was the solo rendered by Miss Gertie Thompson appreciated.

Col. E. H. Lucas, president of club and Col. Geo. Thompson, county democratic chairman, whom the wily and modest Lucas had placed in the lead as master of ceremonies fortified the occasion in every manner until there could be no opportunity of awkward or untimely occurrence.

The addresses made by Judges Furman and Carter were each particularly appropriate.

Judge Furman speaking from the heart in most forceful exposition of his feelings stated in manner that affected deeply the feelings of all his fellow townsmen that next to the love of his family, he valued the regard of his home people.

The ennoblement of Furman's thoughts—and all are pure and sincere—meet their affinity in the character of repose from the hearts of nearly every one of his fellowtownspeople. Judge Furman does not repose an affection unresponsive in the people of the city of Ada. "A prophet is not without honor save in his own country and among his own people," as is ordinarily applied in this day does not apply in the instance of Ada's most favored political citizen.

Charlie Carter's felicitous expressions in response to his reception were received with marked approval. He said that he had recommended to an up county friend confidentially, with whom he was advising in regard to change in location that he considered Ada the best town in the state.

Honorable Tom D. McKeown, and Hon. C. H. Ennis in behalf of the occasion and the club addressed most felicitous and appropriate remarks. Their addresses were accorded decided evidences of appreciation by all present.

Miss McGee, teacher of dramatic art lately from some fair place in Texas up here, had been invited by President Lucas to say something at the reception in behalf of the ladies. Notwithstanding limited notice and new residence, the appropriateness and ornateness of Miss McGee's oral and apparently impromptu remarks impressed very favorably the throng of Ada people present. The following is in substance and in some part the words of reception to the guests uttered by this talented young woman, in behalf of the Ada ladies.

"Honorable Congressman Charlie D. Carter, Honorable Judge Henry M. Furman, Mr. Chairman, ladies and gentlemen. We have the pleasure of having with us this afternoon Congressman Carter of Ardmore and Judge Furman of our city. Honorable Charlie D. Carter has been the leading figure in Washington in the movement for the removal of the restrictions from the lands of the five civilized tribes of which the citizens of Pontotoc county feel justly proud. For the City Beautiful.

The major of Birmingham, Ala., the Hon. George B. Ward has hit upon a happy idea for actively enlisting his constituents in the beautification of the city. He is promoting this end by getting each block to form a little organization, whose sole business it will be to look after its own improvement. The following advice under the head "Do it Now" is addressed to each society:

1. Pull down your fence. The city will haul it away and keep off the cows. If you can't be induced to part with it fix it up and paint it.

2. Whitewash everything you can't paint.

3. Plant lawns flowers and trees wherever the ground shows bare plant something green in it.

4. Exercise the same supervision over your sidewalks as over your front lawn. Sidewalks are an index of the kind of people inside.

5. Trim up trees which are too low and which overhang sidewalks.

6. If there are any dead oaks

around, pull them up and start new ones.

7. Report anyone who mutilates or ties a horse to a tree. You will get half the fine on conviction.

8. Plant a strip of green in bare places along sidewalk. The city will furnish street sweepings if haul is not too long.

9. Cut weeds while young and slender. It will save you money and please everybody.

10. Report any unsightly objects in your neighborhood. If possible it will be remedied.

11. When street or sidewalk is torn up and is not properly repaired call up the mayor's office and give the name of the party responsible.

12. Don't let your dog bark all night. Think of your neighbor.

13. Call attention of all you meet to the idea of a "City Beautiful."

14. Encourage your children to help the good work along by encouraging them to pick up papers, sticks and other rubbish wherever found.

15. A few simple and easily often done things and a determination will transform an unsightly back yard into a little spot of beauty.

16. ANOTHER "UNLOADED GUN."

Does It's Local, Deadly Work—A Brother the Victim.

Tulsa, Ok., Sept. 18.—Near Sapulpa George Sizemore, aged 19, pointed a 32-caliber pistol at his younger brother Newton Sizemore and thinking the weapon unloaded cast in jest, "Look out I am going to shoot you." He pulled the trigger and a report followed. Newton Sizemore was shot in the mouth and fatally wounded.

17. Bargain, If Taken Now.

## FOR SCHOOL LAND INQUIRY.

Oklahoma's Attorney General to Ask An Accounting of Funds.

Guthrie, Ok., Sept. 18.—It is nearly certain that Charles West, state attorney general, will bring suit against the state school land commission for an accounting of the funds disbursed by it in the maintenance of that department. The state constitution provided that "no money shall ever be paid out of the treasury of the state nor any of its funds nor any of the funds under its management, except in pursuance of an appropriation by law, and every such law shall distinctly specify the sum appropriated, and the object to which it is to be applied."

Mr. West was insistent in the last legislature a law be enacted regulating the disbursements of school land funds but the legislature adjourned without making such a law. The expenses of the school land department are paid by department officials and not through the office of the state auditor under methods that prevailed in territorial days when the school land affairs were subject to the supervision of the secretary of the interior. In the present campaign charges of extravagance have been brought against the school land commission and at times it has been hard to get information concerning its official transactions.

# FORAKER CORNERED

Cincinnati, Ohio, Sept. 18.—Senator Joseph B. Foraker at the time he was an attorney for the Standard Oil company, according to his own statement, was a power in Ohio.

It was about the time that fifty-year franchise for the Cincinnati street car lines has gotten through the legislature. The law was called the Rogers act and was passed by the Ohio legislature making it possible for the city of Cincinnati to grant the traction company a fifty-year franchise. Foraker was the attorney for the company and his work is believed to have been responsible for its passage.

It was then that the party machine in Hamilton county was at its strongest and Foraker was undoubtedly a great power in the councils of the leaders in Hamilton county.

As far as Foraker's work in the courts and for the Ohio legislature for the Standard Oil is concerned, the records do not show that Foraker was an attorney for the company in Ohio, though Foraker admitted today that the money that was paid to him by John Archbold was given to him as an attorney for the company.

Foraker would not discuss the Hearst statement further than what he gave out earlier in the day.

Either Senator Foraker was worthy of his hire by the Standard Oil Company or something operated to drop victory to the trust in so far as the two Price bills, referred to in correspondence between Archbold and Foraker, received by Mr. Hearst, are concerned. Both bills were killed by the Ohio legislature.

Mr. Price, author of the measure distasteful to the Standard Oil company, is Aaron E. Price of Athens, Ohio, who defeated Foraker in the Foraker-Hanna fight.

Foraker admits that while United States senator he was retained by the trust. He says he was proud of the employment. He declares he did not influence legislation in the senate for the trust, but did "work" in Ohio courts and in the Ohio legislature. He declares he ceased taking "retainers" from the trust before his first term as senator expired.

The statement of Foraker was a bombshell in the Taft ranks, for Taft managers have been trying to conciliate Foraker and get him to take the stump for Taft.

Taft, it is said, will now mercilessly repudiate Foraker and Cox.

Foraker's Cincinnati adherent, Taft may even refuse to allow Foraker to appear in the campaign as a Taft speaker. In formation from headquarters this evening is that Foraker's New York speaking dates have already been canceled.

Senator Charles Dick was Senator Foraker's guest at luncheon today and immediately following the conference Dick called on Taft. Upon leaving Judge Taft, Dick said he intended to call upon Arthur I. Vorys, but instead went back to Foraker's office.

It was positively stated by a prominent republican that Foraker, who was to have taken a prominent part in the meeting of the League of republican clubs, will, if he speaks at all, follow Judge Taft, whom he was to have introduced to the delegates.

Ohio officers of the league changed their program today so that Taft will speak first, and it is further said that the program may be so arranged that Foraker will not have an address.

**Adn 7, Washington 2.**  
The home team again defeated the visiting team, as is usually the case, yesterday afternoon. Washington scored two men in the first half of the first inning and from that time on it was a complete shut-out. Occasionally they would get men on bases but they were not slick enough to slide around and their running was too slow for the swift wing work of the home team for every time they would try to steal, they would be thrown out on the bases. The outfielders especially of the visiting team got plenty of exercise chasing for the stick work of the Ada boys gave them plenty to do.

**Summary:** Batteries for Ada, Atkins and Kiser; Washington, Wise and Beasley. Struck out by Atkins 9, Wise 5, two base hit Shirley, base on balls of Atkins 2, Wise 3, hit by pitcher J. Ellis, Atkins. Wright out attempting to bunt third strike. Time 1:30. Umpire Tateum.

## TAFT AND BRYAN TO MEET.

Will Both Speak at Chicago and Possibly Galesburg.

Chicago, Sept. 18.—W. H. Taft and W. J. Bryan will meet at the Chicago Association of Commerce banquet in this city October 7 after all according to an announcement made today by Chairman Dixon of the republican speaker's bureau. It is possible that the two presidential candidates will meet even earlier in the day, as Mr. Taft has accepted an invitation to speak at Galesburg, Ill., October 7 in the afternoon, and a committee of Galesburg citizens has been appointed to invite Mr. Bryan to be present. In order that Mr. Taft may be present both at Galesburg and the Chicago banquet Chairman Dixon said that it would be necessary for Mr. Taft to come from Galesburg to this city by special train.

**Odds Changing for Bryan.**  
New York, Sept. 18.—There has been little betting in Wall street thus far on the presidential election despite several stories printed to the contrary. A few bets of \$25 and \$50 each at odds of 2 to 1 on Taft have been chronicled in the last two days on the Stock Exchange and on the curb market. This is a drop in odds from 6 to 1 quoted several weeks ago.

One bet of \$30 even was made on Bryan yesterday. A story to the effect that \$1,000 was offered on Bryan against \$700 on Taft was found to be without foundation. Nevertheless, indications point to prevailing even money on the candidates this coming week.

# WHO IS FOOT? MAKES A STIRRING SPEECH

(Continued from page 1.)

Muskogee, Sept. 18.—Who is R. R. Foot, alias "J. M. Hackney," alias "J. T. Eldredge?" Where was he born and what is his past record from both a criminal standpoint and otherwise? What is his real name? Where was he reared?

These are the questions a representative of the United States government now in Muskogee is trying to find out and the United States marshal's office in Muskogee has been asked to make a careful search. The request is accompanied by a photograph of Foot, giving his age as 57 and weight 200 pounds.

Foot, or Hackney, is now in the United States penitentiary at Atlanta, Ga., serving a long term for impersonating a government officer. The government has learned that he is not known in any of the large cities of the country, but that he operated in the southern states, including Oklahoma.

Government officials here remember Foot as Hackney, who operated in the neighborhood of Sulphur and Ada, Oklahoma, several years ago. His schemes were first revealed when a letter from a fullblood Indian was received by officials at the Dawes commission, asking whether or not Hackney was the authorized agent of the government. The letter said Hackney was visiting the Mississippi Choctaw Indians, who were at that time trying to secure recognition. With the promise that he would see that their names got on the Indian rolls, and under the guise of an official sent out by the commissioner to the five tribes, Hackney is alleged to have collected sums of money from the Indians, ranging from \$10 to \$25 each. As soon as the Indians wrote to the officials in Muskogee and the story of Hackney's work became public he quietly left the country. A confederate, so the letter stated, was working with him. Since then Hackney, or Foot, was captured, convicted, and sent to the penitentiary. He declines to talk but little. It is presumed the government suspects him of being implicated in other swindles and in order to get the connection, is making an effort to secure the record of his life.

## DANKE STORY.

When Ada was new, even before the railroad came, but it was in prospect, the town was subject to many experiences the character of which would appear as unusual and worth remembering as a good story at this time when there is no more cosmopolitanism in any small city in the west than in Ada. It is related that soon after the first bank in Ada started that it was unusual attraction to hundreds of young rustics and numbers of the elders who had lived always beyond the ordinary details of commerce and bank transactions. Just previous to this time there was no bank or railroad within about 40 miles of Ada. As we started to say, it was related that about this time a young man walked into the leading bank of Ada, approached the cashier's window and with a smirk and a rub across his proboscis, inquired if there was any mail today in this postoffice for John Smith?

It cannot properly be related that any such analogous occurrence transpired today when an old lady timidly approached the window at the Farmers State bank and inquired if it was this particular bank that if even it should bust would still pay her money to her if she should put it in there. On being assured that such was the case, she went down low and secured a substantial amount which she placed on deposit.

It was suggested by the Farmers State bank officials that they feel glad that this lady will sleep soundly because she knows that the state is guaranteeing her the safety of her money.
